### **Central Electric Restoration Efforts Continue**

Crews continue to work in each district today to restore power as quickly and safely as possible. This severe weather event caused extensive damage to our system in each district including over 118 broken poles with numerous lines and trees down.

As of 10:00 a.m., Central Electric Power Association has **175** members without electric service as crews continue to work to restore power to our members.

The following is a breakdown of the outages by county:

Leake County – 1  
Neshoba County – 27  
Newton County – 21  
Scott County – 126

Manager Long praises the CEPA employees along with 33 additional workers in the field as they safely restored power to our members. We would like to thank Alcorn County Electric Power Association, East Mississippi Electric Power Association, and Southern Pine Electric for aiding in restoring power to our members.

We understand the hardship of being without power for an extended length of time and want to thank our membership for their tremendous support and patience.

If you are still without power or are ready to have your service connected, please contact your local Central Electric Power Association office.
