Central Electric Restoration Efforts Continue

Linemen from three electric cooperatives in Mississippi continue to work alongside CEPA personnel. Crews have made significant progress today and are continuing to work in our hardest hit areas south of Philadelphia and the Little Rock community.

As of 3:00 p.m., Central Electric Power Association has 230 members without electric service.

The following is a breakdown of the outages by county:

- * Leake County – 40
- * Attala County – 2
- * Neshoba County – 75
- * Newton County – 107
- * Rankin County – 6

If you are still without power, please contact your local Central Electric Power Association office. Our next update will be at 8:00 a.m. tomorrow.

We appreciate your patience as we work safely and quickly to restore power to our members.

Central Electric Power Association serves over 36,000 accounts in a seven-county area in central Mississippi, including Attala, Kemper, Leake, Neshoba, Newton, Rankin and Scott counties.
