Central Electric's Power Restoration Complete

As Hurricane Francine passed through our service area, Central Electric Power Association (CEPA) had over 5,300 members without power due to strong winds and heavy rain. Restoration efforts began as CEPA promptly mobilized their field operations staff.

As of 8:00 p.m. on September 12th, all members that could receive power were restored.

Central Electric Power Association wants to thank the membership for their patience and support during this time. Manager Long thanks each team member who played a role in the storm restoration.

If you are still without power or are ready to have your service connected, please contact your local Central Electric Power Association office.

Carthage – 601-267-5671

Philadelphia – 601-656-2601

Sebastopol – 601-625-7422

Rankin – 601-829-1201
